

# ARRETIL®

## Skin protection when working with resins and water-insoluble workplace substances

### Description

ARRETIL® is a special, water-soluble, non-oily, silicone-free skin protectant which features outstanding protective action against water-insoluble workplace substances.

### Area of application

When working with water-insoluble workplace substances as well as mineral oils and greases, metal-working oils not mixed with water (cutting oils). Facilitates skin cleansing when working with multiple-component resins (epoxy and polyester resins etc.).

ARRETIL® can also be used on the face.

**NB: Using skin care products does not release you from the duty to take the prescribed protective measures.**

### Instructions for use

Wash and dry the skin thoroughly before each application of ARRETIL®. Then carefully rub

ARRETIL® on to the areas of skin at risk, including between the fingers and on the fingernails. ARRETIL® should always be used before starting work and after any lengthy breaks. ARRETIL® must be re-applied after contact with water.

### Product description

Beige, perfume and silicone-free, low-in-oil cream, oil-in-water (O/W) emulsion type.

### Qualitative composition\*

AQUA (WATER), TALC, KAOLIN, POTASSIUM STEARATE, GLYCERIN, STEARIC ACID, PETROLATUM, LANOLIN ALCOHOL, ALGIN, METHYLPARABEN, DEHYDROACETIC ACID, SORBIC ACID, PROPYLPARABEN

862/1

\* The ingredient declarations used are in compliance with the International Nomenclature Cosmetic Ingredients (INCI).

### Features and Benefits

| Product Features   | Benefits   |
|--|--|
| high pigment content (talc, kaolin)<br>with high-quality ingredients | ▶ helps to stop dirt clinging (e.g. resins)<br>▶ good skin compatibility             |
| without any perfumes or colourants                                   | ▶ can also be used on the face<br>▶ ideal for people who are sensitive to fragrances |
| silicone-free and low oil content                                    | ▶ no adverse effects when coating surfaces   |

... keeping working skin healthy.

### **Efficacy tests**

The protective effect of ARRETIL® against water-insoluble workplace substances has been demonstrated using in-vitro test methods, such as the Czetsch-Lindenwald filter-paper membrane test, and in-vivo test methods, such as the repetitive, occlusive irritation test.

### **Skin compatibility tests**

ARRETIL® has proved to have good skin compatibility properties in human-experimental tests and in practical use. A skin compatibility expert report prepared by the Department of Dermatology, Clinic Krefeld, Germany, is available.

### **Statutory regulations**

ARRETIL® is governed by the Ordinance Regulating Cosmetics, the Cosmetic Directives of the EC, and is not subject to the Chemicals Act or the Ordinance Regulating Hazardous Substances.

### **Safety data sheet**

An EC safety data sheet containing additional product information is available. This can be downloaded from [www.stoko.com](http://www.stoko.com).

### **Quality assurance**

All of our products meet the bacterial purity standards as they apply to medicines for external use (as defined by PhEur).

**< 100 reproducible germs / g product.**

Verification tests in this respect are a regular feature of our quality assurance procedures.

### **Shelf life**

ARRETIL® can be stored in an unopened container at room temperature for at least 30 months. Shelf life after opening: see indication on packaging.

### **First aid**

In the event of accidental eye contact with the product, rinse out using water. Consult a doctor if any burning sensation persists.

### **Additional information**

Expert reports and bibliographies are available upon application.

### **Packaging size**

100 ml tube  
1000 ml soft bottle  
(for all STOKO VARIO® dispensers)

Please note that for reasons of trademark protection, only soft bottles from the STOKO® Programme may be used in these dispensers.
