

# SALVO-SAN

## Antibacterial, Medium to Heavy Duty, Solvent-free, Liquid Hand Cleanser

SALVO-SAN is a high-active, highly efficient liquid hand cleaner, combining a very light citrus fragrance with added bactericide for effective germ kill, to lessen the risk of cross infection in sensitive environments.

Since SALVO-SAN is free of hydrocarbon and citrus-derived solvents it reduces the risk of skin infections.

SALVO-SAN is extremely versatile, at home and equally effective anywhere, whether it be the maintenance department of a steel rolling mill, or the MD's washroom suite.

SALVO-SAN is equally active in both hard and soft water, providing a rich, mild, deep cleansing lather that removes the most stubborn dirt, such as oil, grease, carbon black, grass stains, some inks and food dyes, etc.

For added protection, skin conditioning agents are incorporated into the formulation.

SALVO-SAN contains no rubbing agents and no d'limonene citrus-based solvent.

**COSHH Data:** a COSHH data sheet (MSDS) providing additional information is available on request.

**Packaging Sizes:**

10 x 500ml free-standing pump  
4 x 5 litres  
25 litre drum  
210 litre drum

**Benefits of using SALVO-SAN:**

Removes medium to heavy duty contaminants such as mineral and lubricating oils, grease, rust, tar, bitumen, grass stains, etc.

**Applications:**

Ideal for use in workshops and engineering maintenance departments within food processing plants, etc.

- Effective antibacterial qualities
- Smooth and powerful cleansing action in medium to heavy duty applications
- **Solvent-free**, so kind to skin
- Pleasant to use
- No added abrasive particles
- Contains skin conditioning agents
- Lightly fragranced designed not to taint food
- Leaves no sticky residue
- Use in any washroom application.
- A viable single hand washing option for any washroom in any food processing organisation
