

SAVANNAH

Mild Liquid Hand Soap

SAVANNAH is specially formulated for extra mildness, and with a delightful fragrance, the perfect lotion soap for dispenser use in hotels, offices, and commercial premises where a high quality lotion is required.

Its advanced formulation, which incorporates effective skin conditioners, imparts a rich cleansing lather. Because it incorporates skin conditioners it helps prevent skin infections and dryness.

SAVANNAH helps keep washrooms attractive since it will not cause the formation of scum in wash basins, even in the hardest of water.

Removes grease, light oil, and general grime quickly and efficiently.

A small amount of SAVANNAH should be rubbed into the hands and water added. Wash vigorously, then rinse well before drying the hands thoroughly.

SAVANNAH is also effective as a shower lotion for all over body use.

COSHH Data: An EC safety data sheet (MSDS) providing additional information is available on request.
